

2026 Plan Highlights

For Tennesseans who want a stand-alone
Medicare Part D Prescription Drug Plan

BlueRxSM (PDP)

BlueRx is a prescription drug plan to pair with a Medicare Supplement plan or Original Medicare. It's a Medicare-approved Part D plan, which is the part of Medicare that helps pay for the prescription drugs you use.

Choose from two BlueRx plan options:

BlueRx Essential

- ✓ Lower monthly premium
- ✓ \$2 copay on Preferred Generics
- ✓ No more than \$35 Formulary Insulins

BlueRx Enhanced Plus

- ✓ \$0 deductible for Tiers 1 and 2
- ✓ Copays as low as \$0
- ✓ More brand-name drugs

Extended Day Supply Savings**

Get up to a 100-day supply for the cost of two copays.

Medicare Prescription Payment Plan

A payment option that is designed to help manage your out-of-pocket drug costs by spreading them across the calendar year (January–December) in monthly payments. This payment option might help you manage your monthly expenses, but it doesn't save you money or lower your drug costs.

**For medications on tiers with copays only.

BlueRx is a PDP with a Medicare contract. Enrollment in BlueRx (PDP) depends on contract renewal. BlueRx (PDP) is provided by Blue Cross and Blue Shield of Alabama and UTIC Insurance Company, independent licensees of the Blue Cross and Blue Shield Association. Members may enroll in BlueRx only during specific times of the year. For more information about enrollment periods, call toll free 1-855-617-6760 (TTY 711), 8 a.m. – 8 p.m., 7 days a week. You may be enrolled in only one Part D plan at a time. Medicare beneficiaries who are enrolled in a MA PFFS plan that includes Medicare prescription drugs or any MA coordinated care (HMO or PPO) plan will be automatically disenrolled from the HMO, PPO or MA PFFS plan if they enroll in a PDP. Medicare beneficiaries enrolled in a Private Fee-for-Service plan (PFFS) that does not include Medicare prescription drug coverage, a MA Medical Savings Account (MSA) plan or an 1876 Cost plan may enroll in a PDP and will not be automatically disenrolled from the PFFS, MSA or an 1876 Cost plan. Medicare beneficiaries may also enroll in BlueRx through the CMS Medicare Online Enrollment Center located at Medicare.gov.
